Receivers and Frames

The Pennsylvania Attorney General has interpreted the Pennsylvania statutory definition of “firearm” to include: **an uncompleted firearm frame or receiver at any stage of manufacture.** This definition includes so-called “80% receivers.” Any frame or receiver in any stage of manufacture must be shipped to a Pennsylvania FFL for transfer to a Pennsylvania resident.

A receiver does not need to be fully manufactured to be a firearm as defined in the Applicable Sections if it is: 1) “designed” to expel or 2) “may readily be converted” to expel a projectile by the action of an explosive. Please click link for additional information:
